BROOMFIELD, Colo., Nov. 18, 2021 /PRNewswire/ -- The 2021/22 ski and ride season is officially underway, and Vail Resorts' annual Cyber Sale offers travelers a limited-time opportunity to save on lodging rates at hotel rooms, condos, and chalets across its portfolio of premier destinations in the United States and Canada. From Tuesday, Nov. 23 through Tuesday, Nov. 30, guests can book midweek stays discounted up to 40% throughout the entire ski and ride season.

Epic Pass Holders – including those with an Epic Day Pass – will receive exclusive early access to the Cyber Sale beginning Nov. 19, plus an additional 20% off the already discounted rates at Vail Resorts owned and operated properties in North America. For these additional savings, skiers and riders should purchase their passes now on the [Epic Pass](#) website before prices increase on Nov. 21.

Vail Resorts recently announced it would be limiting lift ticket sales during three holiday periods across its 34 North American resorts: December 25-January 2, January 14-17, and February 18-27 to prioritize the mountain experience of its Pass Holders. Guests planning to visit a resort during those dates are strongly encouraged to secure their lift access before their trip, either by purchasing a lift ticket in advance or by buying a pass, such as the Epic Day Pass, while they are still on sale.

Vail Resorts' Cyber Sale will be live with the most up-to-date room rates and availability for arrival dates throughout the entire ski and ride season on [Vail Resort's lodging deals page](#).
